Founders of CLIL Technology

1. Dual-focused

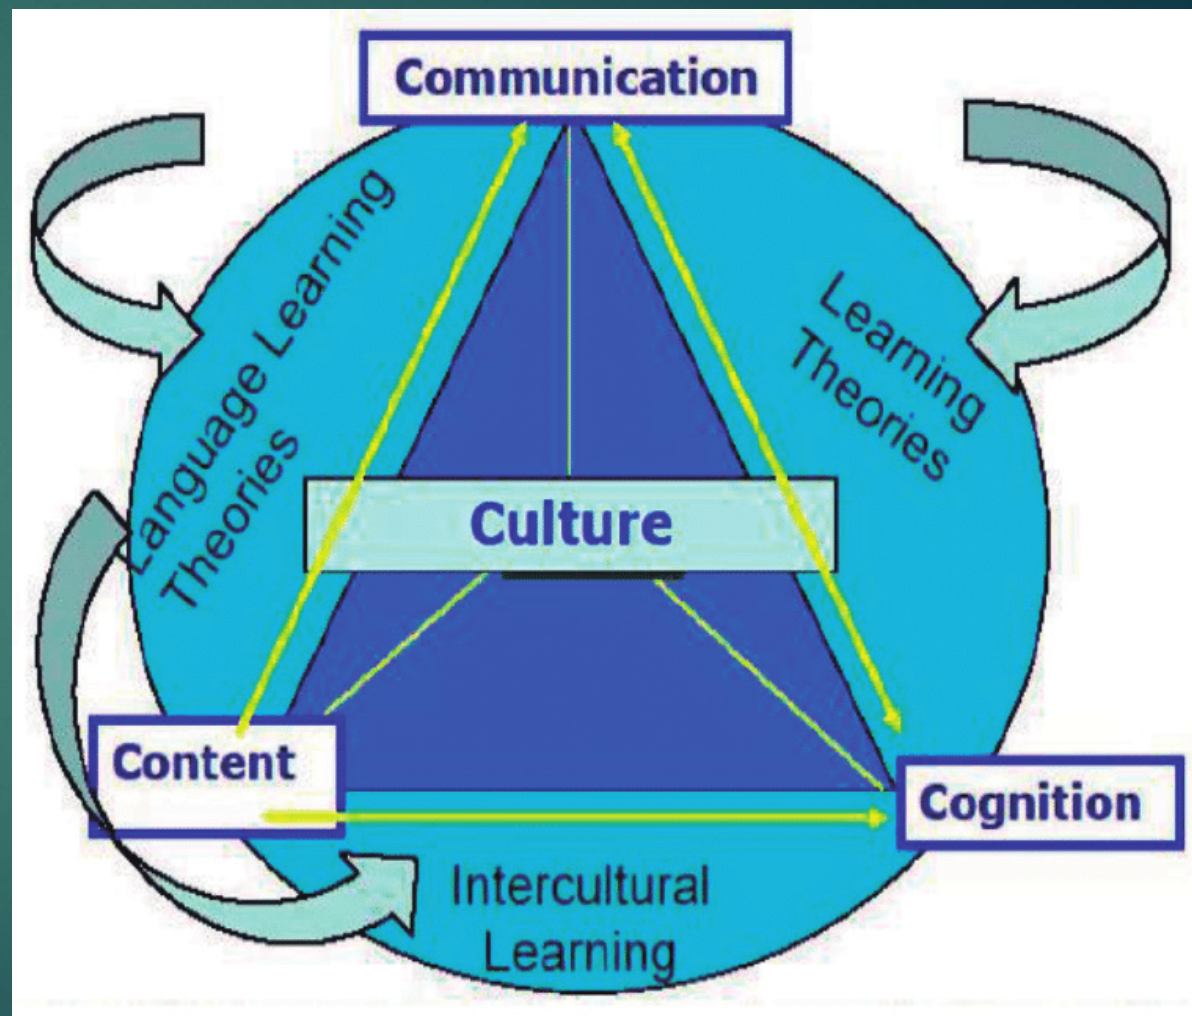

"CLIL refers to situations where subjects, or parts of subjects, are taught through a foreign language with dual-focused aims, namely the learning of content, and the simultaneous learning of a foreign language".

(Marsh, D. 2002. Content and Language Integrated Learning: The European Dimension - Actions, Trends and Foresight Potential).

► The 4Cs Framework

- CONTENT
- COMMUNICATION
- COGNITION
- CULTURE

Communication – one of the 4Cs
– includes awareness of the
language triptych when planning
CLIL lessons: language
of/for/through learning.

CLIL METHODS

- CLIL is an approach or method which integrates the teaching of content from the curriculum with the teaching of a non-native language
- It gives learners a different learning experience
- Brain research shows that in CLIL learners are more cognitively active during the learning process
